Steve, a few very minor edits – probably typos in my previous edits. Thanks for shepherding this through. Should we attach to scheduler with DOJ attorney?

It's up to you and Pam.

Thanks, Sushila

Steve, I made some more edits and tried to tighten up language – some style edits too.

I hope this makes sense.

Pam & Sushila,

Thank you for your great comments.

Our lump of clay is starting to look like a school art project. I think paragraphs 2, 3, and 4 are a bit redundant. Maybe DOJ can help turn the school art project into a museum piece.

Let's talk on Monday and have a good weekend. I have to figure out what to do with rambunctious cabin fever kids on a rainy weekend.

All, see attached.

I hope the comments make sense – I think there is a lot to discuss, especially the stips vs additional projects. How about asking them to avoid stips by coming up with an acceptable list of projects.

We most certainly will have to discuss this – I think at some point a discussion between R3 management counterparts and at least my first line manager, Loren Denton.

Thanks, Sushila

Hey peeps,

Can you review and comment and then send it back to me and we can talk about it on Monday? I'm out tomorrow, but don't want to send this up the management chain until we three have had a chance to talk (although I don't mind you talking about it conceptually with Loren, Sushila).

Over and out,  
Pam
